

TALALA ATTENDANCE INITIATIVE

Our goal is to improve our student attendance. Our students cannot achieve success academically if they are not in attendance to receive instruction. We are going to recognize and reward the students who have perfect attendance each month. The first month will be from November 27 through December 18. Students who have perfect attendance (And no tardies), will be able to pick out a bracelet which has holes in it. For each month of perfect attendance, the student will then be able to pick out a Jibbitz to place in each hole. We have also purchased a beautiful trophy, which monthly will go to the class with the best attendance.

The class with the best attendance for the month will not only get to keep the trophy in their classroom for the month, they will also get a treat and a class picture with the trophy. (Bragging rights 😊)

A student with tardies for the month will not be eligible for the award/prizes, because teacher small group instruction begins at 9:15 a.m. If a student is tardy, they are again missing valuable instruction time.

Please join us to improve student attendance! Improved student attendance equals Improved Student Learning!
